Turning Technology Loose with

Students

Ideas for Student Projects that Embrace the Technology Students Love!

by [Beth Goff](#) on 15 July 2014 338 [Tweet](#)

Transcript of Turning Technology Loose with Students

Ideas for Turning Students Loose to Create Projects that Embrace the Technology Students Love!

Putting it All Together with Student Projects

Still Pictures Worth More than a 1000 words

Take it to

Take, Make or Find Still Images...

and then...

or create on your own still life as a comic strip

and Make them MOVE!

Tell a digital story

Add music and share with

Use Movie Maker, PhotoStory3, iMovie on a student computer to create a more traditional photo movie

Audio Editing

Can You Hear Me Now?

Early Childhood or Elementary Videos with

Lights! Camera! Action!

Narrated Books with

Avatars and Animated Characters with

Makes it worth doing for students!

Presentations & Products

Sharing Work

Linear presentations with

Non-linear presentations with

All in a box with...

Make a picture from words with...

to make motivational posters, trading cards, magazine covers and so many more products

and helps us meet CCSS for English Language Arts

Add captions or speech bubbles to it with

Apps for Storytelling

Hardbound Books with

Ways to Share

Why

CCSS Standards demand that students

read various texts and consume digital media for understanding

create logical presentations

publish work and edit based on feedback and new learning

21st century skills to be career and college ready include

processing media, thinking critically and collaborating

as well as communicating and creating

Post to Classroom Website

Post in Your Learning Management System
